11:25 – 11:30

Wrap-up

Guest Speaker Bios

Terry Brown, P.GSC, STBR Consulting Ltd. | President

An integral member of Greyback Construction Ltd. for 25 years, Terry led commercial, industrial, institutional, and multi-residential projects as Senior Project Manager. In 2009, he retired from Greyback to launch STBR Consulting, his own construction consulting and project management company. Terry continues to contribute this expertise to the industry with current and past volunteer activities including: BCCA, WorkSafeBC, CCDC, Pentowna Marina Board of Directors, the Canadian Design-Build Institute, the Canadian Apprenticeship Forum, among others. In 2018 Terry was awarded CCA's Person of the Year and in 2013 he was the recipient of the Queen's Jubilee Award.

Katy Fairley, BCCA & Fairley Strategies | Industry Standard Practices Consultant

Prior to founding Fairley Strategies, Katy was the VP of Business Development for general contractor Kinetic Construction. She brings a wealth of contacts and Association experience to the position through her previous roles as a Board Director at VICA, VRCA, BCCA, and CCA. Katy has served on numerous industry taskforces and committees, including the CCA and BCCA Standard Practices Committee and BCCA Executive Committee. Fairley Strategies provides strategic advice for procurement, construction delivery methods, and contracts. At a time when construction procurement expertise is eroding and public budgets are stretched to capacity, the need for broader adoption of fair, open, and transparent practices and standard documents is undisputable.

VICA Construction CoP | VICA is initiating this COP for construction procurement specialists from public agencies, municipalities, and regional districts across Vancouver Island and the Sunshine Coast.

The goal of the CoP is to:

- Promote open conversations about construction procurement
- Promote open conversations about working/engaging successfully with Contractors
- Develop a network of/for public sector specialists working in construction procurement in our region

Upcoming CoP Meeting Dates

Stay tuned! We are planning the next meetings for September & November
