

Current Millwork and Cabinetry distinguishes itself as an exceptional employer, deeply rooted in values that cultivate a thriving workplace and foster unparalleled team dynamics. These values not only shape the company's culture but also reflect its commitment to excellence, integrity, and innovation, making it a place where people want to work.

Established in 2012, Current Millwork & Cabinetry is a team committed to being the premier, full-service supplier of quality cabinet solutions across Vancouver Island. As a family-run business, the owners aim for an atmosphere where the staff are valued and empowered to bring their best work forward. Whether it is commercial, residential, or multi-family construction, Current Millwork & Cabinetry strives to be the Island's number one choice.

The company has been a steadily growing entity in Parksville's industrial park for over a decade. Its custom millwork and cabinet shop have built the business through successful relationships with general contractors, designers, and builders on Vancouver Island, but it couldn't have done it without the dedicated employees who make up Current Millwork & Cabinetry.

Specializing in providing cabinet solutions for both multi-family/commercial and residential projects, Current Millwork & Cabinetry aims to strike the perfect balance between quality and price for its commercial clients, while offering an unprecedented service experience and a product that exceeds expectations for its residential clients. The tagline, "YOUR cabinet solutions," embodies the company's commitment to catering to the unique needs of each client.

Looking ahead, Current Millwork & Cabinetry has set ambitious goals for itself. The company aims to achieve goals focused on continuous improvements in its processes, people, and technologies. It differentiates itself through its diverse, quality products, its unique business processes, and its commitment to providing an exceptional customer service experience. The company guarantees to deliver on its core values, ensuring that every interaction with it is a positive and enjoyable one.

At Current Millwork & Cabinetry, the aim is to be the cabinet supplier of choice. It is a team dedicated to excellence, innovation, and creating lasting relationships with its clients.
